## FLOOD DANGER ALONG MISSOURI RIVER IS GREAT

**GOVERNMENT WARNS BOTTOM DWELLERS TO MOVE TO HIGHER GROUND**

## FLOOD OF 1908 TO BE EQUALLED

**STEADY DOWNPOUR OF RAIN IN NORTHERN KANSAS; STORMS PREDICTED**

Forecaster Conner at Kansas City said the flood might reach the proportions of that of 1908.

(By Associated Press.)

Springfield, Mo., June 19.—A tornado struck Lamar at eleven this morning, raising buildings and cutting the city off from all wire communications. No details are available.

Kansas City, June 19.—The government weather bureau has issued a warning to the residents of the east and west bottoms of Kansas City to move immediately from the first to the second floors of the dwellings, and prepare for a flood. The districts adjoin the banks of the Kansas and Missouri rivers which are rising rapidly.

Most of the owners of the packing houses live in the west bottoms, while a foreign colony of truck gardeners occupy the east bottoms. The west bottoms also contain many big wholesale houses, who are busy today moving their stocks to higher floors.

The weather observer said he expected flood conditions to prevail Monday. The business and principal residence districts of the city will not be affected.

The new storm area, extending over all of Kansas and Western Missouri, prevailed last night and early today. The heaviest precipitation was in northwestern Kansas, where two inches of water fell. Rain is falling today in Kansas City and Topeka. All rivers in Kansas are reported rising. The Kansas river, at Topeka is eight feet higher than it was Friday.

The Republican, last night, broke through the dikes at Clay Center and had risen another foot this morning. The break in the levee is twenty-five feet wide and is southwest of the principal part of the city and the damage is not as great as expected.

The Missouri river at Kansas City this morning showed a 2 3/4 foot rise over last night. The danger point is 21 feet. An additional rise of five or six feet is expected.

## HALL GETS PAROLE TO BURY WIFE

Fort Smith, Ark., June 19.—W. H. Hall, confined in the federal jail here on a white slavery charge, was paroled Friday until Monday, in order that Hall might bury the body of his wife, who was killed by a switch engine at Cushing, Okla., Wednesday night. The Halls formerly lived at Arkoma, in Le Flore county, Oklahoma.

**GRANDMA SEZ**  
SATURDAY.  
"VER GRAMP'S GETTIN' TEW BE MOST AS GOOD A HUNTER EZ TEDDY ROOSEVELT. PER HE SEZ HE KILLED 500 DANDYLIONS THIS MORNIN'."

## RICH FARMER TRIES TO EXTERMINATE FAMILY

**KILLS DAUGHTER, FATALLY INJURES SON AND THEN KILLS SELF; NO REASON KNOWN**

(By Associated Press.)

Upper Sandusky, June 19.—Harvey O. Dysinger, aged forty, a rich farmer, shot and killed his daughter, aged fifteen, and fatally injured his wife and wounded his 16-year-old son. He then committed suicide near here. No reason for the crime is known. The wife will die, Kenneth, aged eleven, escaped unhurt.

## HEILMAN LANDS FEDERAL CONTRACT FOR AWNINGS

P. J. Heilman, the awning and tent manufacturer has returned from Muskogee, where he made a bid on furnishing the awnings for the federal building at that place. Upon his return here he learned that he had been awarded the contract for the awnings to be placed over the windows of the federal building here. "I had some stiff competition, but I landed the job," he said today.

## MAY BUILD JOINT BRIDGE ACROSS THE CIMARRON

County Commissioners Jack Langston and L. M. Oliver have returned from a trip to Stillwater where they consulted with the Payne county board of commissioners with reference to building a steel and concrete bridge over the Cimarron river near Pleasant Valley. The matter will be finally decided soon.

## CLOTHIER ELECTED VICE PRES. WATERWORKS ASSN.

Galveston, June 19.—Waco gets the next meeting of the Waterworks association and Jesse Shaw, of Topeka, was elected president. President Wilson was endorsed for his war stand. C. C. Clothier, of Guthrie, was selected vice president of the association. The meeting was held in Galveston, June 18, and 17.

## EAST SIDE BOOZE VENDORS DECLARED GUILTY

St. Smith, June 19.—After deliberating forty-five minutes, a jury in United States court, late Friday night returned a verdict of guilty against J. M. Reed, M. Haas and Walter Marshall, residents of Claremore, and Hiram Mincer, a Chicago liquor dealer, formerly of Fort Smith, Ark., on a charge of conspiracy. Judge Frank A. Loumans set June 28 as the day on which he will pronounce sentence. The men were charged with having conspired to introduce liquor into the Indian country of Oklahoma.

It was alleged by the government that Mincer, while engaged in the liquor business in Ft. Smith, shipped \$10,000 to \$15,000 worth of liquor into Oklahoma by addressing it to a fictitious person at Keystone, near Claremore. Keystone is out of the 16th territory and Claremore is in the prohibited district. The depots of the respective towns are two blocks apart and the shipments disappeared while being transported from Claremore to Keystone. It is alleged. The government charged that the liquor was disposed of at the Elks' club at Claremore of which Haas was steward.

WEDS TO WIN \$18,000

Los Angeles, June 19.—To comply with the terms of a will by which he will inherit \$18,000 Arthur J. Vissera of Long Beach was married here today to Miss Myrtle Bush of Compton. The will was made by Vissera's grandfather in Holland, Mich., and required that the grandson be married by September 1. Vissera's first wife died about a year ago.

## MONROE MURDER TRIAL WILL BE LEGAL BATTLE

**MAN WHO KILLED GIRL OF UNDERWORLD IS ON TRIAL NOW**

Oklahoma City, Okla., June 19.—That Homer Hybarger, of Lindsay, Okla., had been coached by one of the attorneys of D. V. Monroe, who is on trial for the murder of Marguerite Ellis in a resort here last December, was the indirect charge hurled by County Attorney John Embury in the court room today.

After the shooting, Hybarger testified formerly, that he came out of the girl's room and that "Monroe jabbed you in the ribs with the gun." Today he said he ran into Monroe, but later admitted that Monroe ran into him.

Today's trial was featured by the testimony of Hybarger and Bill Roberts, both of whom were in the resort at the time of the shooting. Several hundred spectators, including Mrs. Monroe and a half dozen other women, listened to the several witnesses as they told of the happenings before and after the shooting of the Ellis girl.

The crowd gasped as Hybarger told of incidents which followed the shooting.

"After the first shot I ran out in the hall," said Hybarger. "I saw Monroe with a smoking gun. I said to him 'don't shoot your friend.' I went to the Ellis girl's room and found her upon the floor. Her gown was on fire and I put out the blaze. Monroe was in her room for fifteen minutes before the shots were fired."

The case today revolved itself around two vital points, namely: "Did Grace Goode, landlady of the resort, wear stockings as she fled from Monroe when he was pursuing her and shooting in the direction she was going?" and was Rob Phillips known as the "man of mystery" in the case, seen in the resort on the afternoon of the tragedy?

Inmates of the resort testified positively that Phillips was not there. Other witnesses, including Hybarger and Bill Roberts, both intimate friends of Monroe, declared positively that Phillips was there, that he went there with Monroe, Bill Roberts and the latter's brother.

Half a dozen witnesses said the Goode woman did not wear stockings on that afternoon, others asserted that

## HUNGRY THROGS CROWD STREETS OF MEX. CAPITAL

**FROM 12,000 TO 20,000 PEOPLE STAND IN TROPIC SUN AND BEG FOOD**

Mexico City, June 19.—From 12,000 to 20,000 of the city's people have been standing in line at the food distributing station from 3 o'clock in the morning until long after dark for the last seven days, in an effort to get enough corn to keep alive. From 4 in the morning until 2 in the afternoon they bear the hot rays of a tropical sun and from the latter hour until dark they stand in down-pours of rain for, the wet season has begun.

On some days, as many as 200 have been carried away on stretchers by Red Cross attendants. These have dropped from weakness due to lack of food, from being overcome by the sun's rays, or from suffocation. So desperate have the rushes for corn become at times that the soldiers guarding the lines in the effort to maintain a semblance of order had had to fire over the heads of hungry throngs.

While these scenes were being enacted on the streets in various sections of the city, delegates to the national convention were quarreling over whether General Gonzalez or

## GOV. MAYTORN IS WILDLY DEFIANT; WILL NOT GIVE UP

**HIS ENTIRE FORCE WILL BE USED TO RESIST LANDING OF MARINES**

(By Associated Press.)  
Nogales, Sonora, June 19.—Governor Jose Maytorna has authorized the statement that the entire force under his command will be used, if necessary, to resist the landing of American marines on the west coast to protect the foreign settlers of the Yaqui Valley from the Indians now at war.

The detachment of nearly one thousand troops sent to the Yaqui valley yesterday, he said, was dispatched primarily to protect the settlers and their crops from the Indians, but they had orders to resist any landing of American military.

Ministers Resign.  
Washington, June 19.—Differences arising between Carranza and Obregon, his personal commander; dissensions in the Carranza cabinet and Carranza's removal of his headquarters to the isolated safety fortress of San Juan, De Ulla, in the harbor of Vera Cruz, were all reported to Washington today. Four ministers have resigned.

## POSTOFFICE APPLICANTS CAUCUS WITH THOMPSON

A conference of a majority of the applicants for the Guthrie postmaster was held Saturday morning in the room of Congressman Thompson at the Ione hotel.

Mr. Thompson decided to submit the names of all applicants to Senators Owen and Gore and allow the "process of elimination" to prevail. Mr. Thompson denied the story that the successful applicant must have the "backing" of Jim Lewis. "All I can do is to recommend," said Thompson. "The applicant must run the gauntlet of senatorial favor and Postmaster General Burleson will not approve of any man who cannot be unanimously confirmed by the senate."

## SCHOOL DISTRICTS WILL HOLD ELECTIONS

**JULY 13TH IS DATE FOR ELECTIONS AND MEETINGS UNDER NEW LAW**

Miss Margaret Doolittle, county superintendent of schools, is busy just now making preparations for the annual school meetings to be held in the 93 districts of the county. Formerly the school meetings were held on May 1. This law was changed at the last session of the legislature; hereafter the meetings will be held on the second Tuesday in July. The second Tuesday falls this year on the 13th. At that time all districts must make the estimate for the needed supplies for the coming fiscal year, and also vote any excess tax that they may deem necessary. The law allows each district to levy five mills for all purposes. Any amount over that must be submitted to the bonafide voters of the district for termination.

It is estimated that but six out of the 93 districts in the county will ask for an additional levy. Last year the average levy made by the districts was a trifle less than 3 mills.

Teachers for the next school year will also be chosen at the July 13 meetings.

## CHARGED WITH THEFT OF GLOVES, BOWEN IS HELD

Harold Bowen, charged with having stolen property in his possession, was arraigned before Judge Soward in justice court today, pleaded not guilty, and was bound over for trial before the district court in the sum of \$500, which he immediately made by giving a cash bond.

Some time ago the Guthrie Garage was entered and 16 pairs of automobile gloves stolen. The property was traced to the shoe shop operated by Bowen. He admitted having the goods but declares he bought them at Oklahoma City, but could not tell the name of the party he bought them from nor what price he paid.

## STORM VICTIMS AT MANY PLACES

Wichita, Kans., June 19.—List of deaths in the storms of Thursday and Friday follow:

Golety, Okla.—Mrs. Carrie Ford; killed in tornado that demolished her home.

Joplin, Mo.—Two-year-old daughter of Frank Doss, drowned in swollen creek near Doss home.

Richmond, Mo.—Mrs. Arthur Covey and small child killed when their home was demolished by a tornado; Mrs. Mary Bell, 60 years old, struck by lightning.

Westmoreland, Kan.—Charles Morris, his son and John Gunther, drowned when a gasoline motor car was swept into a creek by a sudden rush of water.

Onega, Kan.—Five members of the family of John Burges, farmer, killed when a tornado demolished the Burges home.

Nevada, Mo.—Mrs. Gertrude Knau, 80 years old, lost her life when house was demolished by a tornado.

Latour, Mo.—Mrs. Alma Allman killed when wind swept her home away.

Montrose, Mo.—Unidentified infant killed in wind storm.

Wamego, Kan.—Gene Nichols, farmer, struck by lightning.

## EL RENO BASEBALL FANS COMING SUNDAY

The ball diamond at the Fair grounds has been put in fine shape for the game tomorrow and a lively contest is promised between El Reno and Guthrie. Several hundred enthusiastic El Reno boosters will accompany their nine and it behooves the Guthrie fans to turn out in full force and back up their home team as well as show their interest and faith in the oil well proposition. The game will be called promptly at 1:30 and all of the gate receipts will go to the oil well fund. Admission only 25 cents. Come out and bring your friends and boost for oil and gas and prosperity.

## QUEEN OF WAR CRAFT TAKES THE WATER IN HARBOR

**SUPERDREADNAUGHT ARIZONA IS DULY CHRISTENED AT NAVY YARD**

## IMPOSING CEREMONY MARKS THE LAUNCHING

**SISTER SHIP OF PENNSYLVANIA, COST 15 MILLIONS AND LARGEST BUILT**

(By Associated Press.)

Washington, D. C., June 19.—Another fifteen million dollar battleship was launched for the American navy today when the superdreadnaught Arizona slid into the water at the New York navy yard. She is a sister ship to the Pennsylvania, recently launched at Newport News, and in size and armament is one of the largest and most powerful craft ever built for any navy.

Ships of the line, like the Arizona, are built to give and receive punishment in sea battles. Their mission has little in common with that of the battle cruisers which have been the largest ships to engage each other during the European war. Speed is sacrificed in the construction of the battleships, to weight of armor and against such a ship as the Arizona with her broadside fire from twelve 14-inch guns and protection of more than a foot of the toughest steel that can be made around the vessel's vital parts like a wall, a battle cruiser would be helpless and must depend on her speed and seek safety in flight. There are few ships in any navy fit to cope with the Arizona, ship to ship.

The range of the Arizona's guns is from 12 to 13 miles as they will be set in her turrets, or as far as her gun-pointers and observers can see in brightest weather. As previous ships carrying the 14-inch guns, the Arizona's main battery will have a maximum elevation of nearly twenty degrees. It would be possible, it is said, to almost double that elevation and add miles to the range of the guns; but already they can shoot and hit farther than it is probable they would ever be called upon to do.

The Arizona will carry the three gun turrets which have been developed by American naval constructors, her twelve big rifles being housed in four turrets, two forward and two after. In addition she will have a secondary battery of twenty-two 5-inch, long range rifles for defense against destroyers, torpedo boats and submarines. The big guns can be fired over either broadside and around the entire circle with the exception of an arc of less than thirty degrees directly forward for the after turrets and directly astern for the forward turrets. Four of the secondary battery
